

Precision recommends the highest quality products

We provide our employees with premium rollers and brushes (to ensure a proper finish), higher end drop cloths (to avoid leaks) and Sherwin Williams Premium paints (for better protection and a longer lifespan). We'll paint with whatever product suits your need and budget, but prefer to use the best products available to achieve the highest quality results.

The end result

Not only will you be able to kick back and relax as the property transforms, you can rest assured that our job is not complete until you are 100% satisfied. Even if it means putting in some extra time. If you are not satisfied, we have not performed to the best of our ability.

Fully licensed and insured

CC# 13-PU-18674-X

For most people, a home is your most valuable asset and prized possession... so we suggest you do everything possible to protect it! Hiring a professional contractor that is fully licensed and insured is VERY important. Cutting corners to save a few bucks now could be a costly mistake in the long run!

Trustworthy contractors and exceptional craftsmanship

We pride ourselves on delivering a first class level of professionalism and the highest quality results, regardless of project size. If it's just a wall, or the entire mall, you can rest assured the Precision team will take great care of you.

Walk through and job site inspections

Any project we engage in has a job foreman assigned to the property. This individual is onsite every day to ensure that work is completed exactly as stated in the scope requested by you, and so the job runs smoothly from start to finish.
